The Apogee Sports Trading System (ASTS) is like no other in the market of sports betting.

Apogee Sports has taken years to create a trading system that will truly allow investors the ability to generate alternative sources of income safely and securely with low risk involved. The Apogee Sports Trading System (ASTS) utilizes professional traders combined with the latest technological advances, that can correctly calculate true odds in various sporting events. Using the ASTS algorithm we empower our clients to generate never before seen profits, while at the same time keeping the risk factor very low.

APOGEE SPORTS TRADING SYSTEM (ASTS) (®) uses our proprietary algorithmic software that processes complex amounts of data regarding sports, and profits from information that is available in real time. The ASTS (®) system looks for multiple variables and anomalies, then runs hundreds of calculations per second to process this information along with the betting odds of 100's of bookmakers to reflect the probability of an outcome most accurately, allowing our investors to profit.

Sports trading is a sector that is growing everyday. However, the average person does not even know or understand what sports trading is. Utilising our advanced APOGEE SPORTS TRADING SYSTEM (ASTS) (®) we are able to predict the outcome of any sporting event the system deems to have the best variables to exploit at an average rate of 70% or higher. The key to the consistent success of the APOGEE SPORTS TRADING SYSTEM (ASTS) (®) is that we really do not focus on who wins or loses, just that there is an outcome. We utilize different variations regarding sporting odds to profit in a safe way, that along with our trading strategies put our investors on a path towards financial freedom.

APOGEE SPORTS MANAGEMENT DIVIDEND RETURN SCHEDULE

- 8% PER ANNUM** - Investments from £5K - £20K
- 12% PER ANNUM** - Investments from £20K plus - £50K
- 15% PER ANNUM** - Investments from £50K plus - £100K
- 20% PER ANNUM** - Investments over £100K plus

Interest coupons will be paid monthly in arrears, with a minimum investment of £5000. If a client increases their investment and moves into a new coupon threshold according to their entire investments made, they will be paid at the higher rate the following dividend pay-out date after the new investment was made. For example, an initial investment of £10,000 (8% Coupon) followed by another investment of £20,000 would entitle the client to receive a coupon of 12% per annum on their £30,000 investment.

THE RISKS

FULL DISCLOSURE

The Directors believe that the information provided in our company documents and terms and conditions to allow full transparency including principal risks inherent in investments with profits and guaranteed dividends.

Prospective Investors should also read the detailed information set out elsewhere in this Information Memorandum (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

The investments offered in this document may not be suitable for all recipients of the document. While we strive to maximize profit and minimize risk when trading the investments, that does not mean all risk has been eliminated. If there is any part of this investment that is not understood, investors are advised to consult an investment advisor who is authorised under the Financial Services and Markets Act 2000 that specialises in these types of investments.

POSSIBILITY OF LOSS

Apogee Sports Management, like any business, is vulnerable to financial difficulties due to unforeseen circumstances. Investing can involve a risk of default. There is no guarantee that the company's strategy or trading activities will be successful due to any significant regulation changes in sports trading. While that is not expected to happen, it must be mentioned. It should also be known that while highly unlikely, the returns from the trading activities undertaken may vary from the target financial returns set out in this Information Memorandum.

FINANCIAL SERVICES COMPENSATION SCHEME

The protections afforded by the Financial Services and Markets Act of 2000, including recourse to the Financial Ombudsman Service, and compensation entitlements under the Financial Services Compensation Scheme do not apply. All prospective Investors are recommended to seek professional advice on the suitability of this investment for their portfolio.
